Solid slotted aluminum uprights allow work surface or optional accessories to be mounted anywhere along column. Heavy gauge steel frame bolts to top supports adding strength to the work surface and lateral support to the station.

Textured beige powder coat finish with blue accents strips offers a durable finish with superior aesthetics. Stations are 82" over all height. Work surfaces and optional accessories adjust independently of each other on double sided stations. 1000 lbs. capacity.

Single sided starter station includes two uprights, two horizontal leg supports, one top frame assembly and one 180 degree front edge work surface with standard or ESD laminate.

Single sided add on station includes one upright, one horizontal leg support, one top frame assembly and one 180 degree front edge work surface with standard or ESD laminate.

Double sided starter station includes two uprights, two back to back horizontal leg supports, two top frame assemblies and two 180 degree work surfaces with standard or ESD laminate.

Double sided add on station includes one upright, one back to back horizontal leg support, two top frame assemblies and two 180 degree front edge work surfaces with standard or ESD laminate.
